MUSE SB meeting
28 June 2017

Outcome of the Mid-Term Review

MUSE Mid-Term Meeting held 1.5 months ago

I received a letter from the Project Officer on May 21st:

Dear Simona,

I take this opportunity to thank you again for the excellent (on all sides) mid meeting we had and also to apologize for the fact that my formal follow up (opinion/advise/recommendation – if any) might be delayed due to the fact that I am now in the middle of our evaluation process for RISE 2017.

However you should receive it by the 3rd of June.

Best wishes,
Annouchka
